CHATS WITH OUR EXCHANGES.

The Washington (D. C.) Star says it is expected that a definite step, official in character, will be taken, looking to the annexation of Hawaii. This will be a formal application from Hawaii for political union. This application will be made by the Hawaiian minister, through the State Department, and will in due course of proceedings probably be submitted to Congress together with the President's recommendations.

The Register says Gov. Ellerbe has gained twelve pounds of flesh since he has been in office. The Metropolitan police and the newspaper attacks in reference thereto and the correspondence with Mr. Bacot does not seem to have worried him very much. But then office agrees with most people and the Governor is no exception. The Herald and News is glad his health is so good.—New berry Herald and News.

McKinley is not hurting himself by giving offices to the "colored brother." When the time for voting comes, the colored brother is well-known by the Republican party but they give him the cold shoulder when the time comes to give out the pie—and the colored man likes pie just as well as anybody else.—Sumter Freeman.

A war between Greece and Turkey would most likely involve the most of Europe. If Turkey should be wiped off the map as the result of such a war the world and civilization would be the gainer thereby. Such a government as that of Turkey is an anachronism in the closing days of the nineteenth century.—Sumter Freeman.

The South has been most unfortunate in the selection of text books for her schools. These books have come most from the North and are more or less biased as regards Southern sentiment and Southern history. It is to be hoped and expected that the South will no longer be imposed upon in this direction, and that the schools throughout the South will introduce books for the instruction of the young which will not lead into error children of the Southern people as to the true and impartial history of their fathers and their country.—Greenwood Journal.

"Senator Nelson, of Minnesota," says the Chicago Chronicle, "is doing that which will make him execrated by his party and persona non grata at the White House. He proposes as an amendment to the Dingley bill that whenever the President shall be satisfied that trusts or combinations exist in control of any articles of merchandise subject to import duties he shall have the power to suspend those duties. This is a blow at the very root of the protective system." Stuff. It would be a harmless enough power in the hands of the special friends of all the trusts.—News and Courier.

Joe Bailey.

This young gentleman of Texas, has lately acquired prominence as leader of the Democratic minority in the House of Representatives at Washington. He has also achieved notoriety by refusing to attend a dinner at the White House, presided over by McKinley, because he was expected to wear a swallow tailed coat. Bailey insists upon the right to select his own costume, even if it be that of a Sioux Chief. The question is likely to be an issue in Texas politics. As Jefferson passed a large share of his time in France and there got most of his Democracy, whence also come all the fashions, it would be well for some political archaeologists to investigate the cut of his coat while he danced attendance on his majesty at the Court of St Cloud. Jefferson will settle it.—Aiken Journal and Review.

Mrs. A. Inveen, residing at 720 Henry St., Alton Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Dr. W. L. Wallace, druggist.

Grew About a Snail.

The slowness of the snail is proverbial. That one should move so slowly from one end of a banana to the other that the fruit in its growth would finally imprison it has been something unheard of. A fruit dealer in the not long ago, however, received a consignment of bananas from the West Indies. Near the upper end of one was the shell of a snail securely fastened to the fruit. A closer examination showed that the fruit had grown up around the snail until it was a secure prisoner, unable to move. The banana did not go to a customer, but was plucked from the bunch and saved as a curiosity.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaun, of Oakton, Ky., says: I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and it to be the best medicine I ever used for cramps in the stomach and bowels. For sale by Dr. W. L. Wallace, Druggist.

Free.

The Gospel Temperance Union will be sent free all over South Carolina to those unable to subscribe, and at 25 cents a year to all others. Two cents extra gets a beautiful story book.

The paper is intended to be a red hot flaming witness on church temperance lines against the demon of strong drink in all its phases, especially the liquor traffic.

Smoke "Pride of Darlington" tobacco grown in South Carolina and manufactured in Darlington. For sale by W. G. Elwell, Manager.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlain's Cough Remedy becomes known the people will have nothing else. For sale by Dr. W. L. Wallace, druggist.

The Rev. W. H. Weaver, pastor of the U. B. church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, coughs and hoarseness." So does everyone who gives it a trial. Sold by Dr. W. L. Wallace, druggist.

John Grantham, a man 62 years old, who lived near Hartsville, S. C., committed suicide last week by hanging himself with a chain.
